

THE Assortment

Is the thing that catches the eye of the public; the price is governed mainly by the pulse.

In good times when money was plentiful, high prices prevailed, but when the purse strings were drawn,

Prices Came Down.

We give you a better assortment to pick from and better furniture today for much less money than we did a half dozen years ago.

Prices today are at bed rock and can never be lower. We are not fearful of competition on prices we have now, for the same quality of goods.

In our jobbing and repair department we have the best materials and employ only the best workmen. No one can do the same class of upholstering we are doing, and our charges cannot be met.

For the first time in years, perhaps in the history of the country, five foreign merchant steamships have been in port at one time, and to accommodate these five steamers there were but two wharves. Evidently commerce with Hawaii and the outer world must be growing apace. There can be no doubt of it, with a rapidly increasing population of Asiatic students and merchants there is no reason why the demand for merchandise of one sort or other should not increase, and as there are no manufactories here, the products of other countries must be brought in ships.

We find it the best means, as the trans-Pacific train service is irregular. We get a lot of freight by these steamers, valuable goods sold at prices which defy competition. Just now we want to call your attention to Serges and Tweeds, in blue or black and light or medium weight. These are for men. We have Serges in the same colors for ladies. So we have black, white or grey Alpaca dress materials, something unusually good.

It's coming on toward shower time -- waterproof serge is just a little bit better than anything else for wet weather, as it sheds water like a duck.

Hemstitched handkerchiefs for ladies, go to you at \$1.50 to \$9 a dozen -- \$9 is high may be, but not for these goods. Lace beading in white or black shades and in one, two or three rows, is surprisingly low.

JOS. NAWAHI'S REMAINS.

Arrived by the Australia from the Coast Yesterday.

Two Thousand Mourning Friends Receive the Body--Extensive Arrangements Made.

The remains of the late Joseph Nawahi arrived on the Australia yesterday and were met by nearly two thousand mourning friends. The remains were consigned to H. H. Williams, and on arrival were placed in his charge. The societies to which Mr. Nawahi belonged not having been advised of this, instructed E. A. Williams to take charge of the casket, but when he learned of the actions of the friends of the deceased in California he withdrew.

About eight o'clock the corpse was removed in a hearse drawn by four horses to the undertaking parlors of H. H. Williams and later taken to the Nawahi residence, Palama.

During the afternoon hundreds of visitors called on the Mrs. Nawahi and paid their respects, and at night the avenues leading to the house were lighted with torches as a mark of respect to the deceased. The grounds were filled with people throughout the night. The room in which the remains were lying in state was a mass of cut flowers in different beautiful designs, two large pillows made of white flowers being especially noticeable. One had upon it wrought in flowers the name of the deceased and the other Aloha Aina.

On either side of the casket four kahili bearers were placed and they kept watch during the night while a number of boys in whom Mr. Nawahi was much interested during life sang Hawaiian dirges alternately with music rendered by the Kawaihau Club. The funeral will take place from the residence at 12:30 p. m. today, services being conducted by Rev. E. S. Timoteo. Minister Cooper has tendered the services of the Hawaiian band and the hearse containing the remains will be drawn by members of the Aloha Aina society. E. A. Williams will conduct the funeral, arrangements having been made with him yesterday afternoon.

TOURISTS AND RESIDENTS.

Some of the Passengers Who Arrived by the Australia.

Melville Marx of the firm of Friedlander, Marx and Gottlieb, proprietors of the Columbia theatre, San Francisco, arrived by the Australia in the interest of his firm. While here Mr. Marx may arrange for the appearance of the Frawley Company at The Irwin, but nothing of a definite character has been settled.

James Campbell and family returned by the Australia yesterday after a long and to Mr. Campbell, eventual vacation in California. Mr. Campbell looks well and fit to give two or three Winthrop's battle.

Alexander Young and wife are home again after a pleasant vacation spent in California. Mr. Young is said to have dilated so much upon the beauties of Honolulu that there was no surprise waiting the tourists on their arrival.

Hon. Cecil Brown and wife and Miss Dickson returned yesterday after a two months' visit to San Francisco. Mr. Brown's trip was a combination of pleasure and business, he having gone away mainly to look after Mr. Campbell's interests in the prosecution of Winthrop. While absent he had an opportunity of ascertaining just how unlike him a San Francisco newspaper artist can get a sketch. Mrs. James Campbell suffered a similar shock.

Among the guests at the Hawaiian are Mrs. J. M. Rothchilds and daughter of San Francisco. Mrs. Rothchilds is the wife of a prominent Bay City attorney who visited here about three years ago and made the acquaintance of Honolulu's prominent men. She is also a sister of Mr. Marx of the Columbia theatre. She is a remarkably attractive woman and a smart conversationalist, and with a desire to remain here a long time, but unfortunately her stay is limited as Mr. Rothchilds will arrive on the Doric and they will proceed to the Orient.

Among the welcome returning residents by the steamer yesterday were Judge Widemann and family who have been making a rather extended visit to the coast. The activity of the Judge while on the steamer was something of a surprise to the tourists.

Robert Catton's visit abroad was for the purpose of meeting his wife and children who have been visiting in Scotland, their old home for nearly two years. Like everyone else who leaves here for a visit, or with the intention of remaining away permanently, they are glad to get back.

L. B. Kerr came off the steamer with a smile and a pocket full of invoices of new goods. While away Mr. Kerr devoted nearly all of his time to business and little to pleasure.

Made a Break. Eight Chinese immigrants succeeded in getting away from quarantine station some time about ten o'clock Monday night and have not been recaptured. Several others who were caught in the attempt to escape are locked up in the Station House. Agent McVeigh says this is the worst lot of immigrants he has had to handle since he has been in the service. They have required the closest watching ever since they landed and with the limited force at hand it was impossible to watch all. Six extra guards were put on duty at the station yesterday.

Japan now ranks fifth in population among the nations of the earth, only China, India, Russia and Germany being ahead of it.

STARTLING, BUT SO!

We placed an import order for five hundred dozen pairs of children's fast black stockings, 'cause we thought them cheap. Should have been here for July selling. Landed yesterday. Maker pays dearly for delay. Meant for 25 cents a pair. Lateness squeezes two pair into the price of ONE.

COLD WATER PAINT

Especially Designed for Inside Work on Factories and Public Buildings.

It is a dry powder which can be prepared for use by simply stirring in COLD WATER, and can be applied by anyone, and will always produce good work.

It is VERY WHITE, extremely reflective and hardens on a wall like stone, and will take any tint.

It will last for years and is unaffected by gases.

One coat covers better than two coats of oil paint or whitewash.

It can be used on any surface and for all classes of work, even for the finest decorating.

OUTSIDE INDURINE.

This is for Outside Work.

Such as Fences, Outbuildings, Laborers' Quarters. It is a thick paste to be diluted with cold water, stands rain and exposure as well as oil paint, and costs but a fraction as much.

Cold Water Kalsomine

Adapted for Dwellings, Offices and Public Buildings or any other place where KALSOMINE is used. It will not rub, discolor or scale off.

LUCOL

A new Paint Oil. It comes raw and boiled; is superior to linseed, and covers with one-third less lead and pigment to the gallon.
